[OMB NO.: 0970-0402]

Submission for OMB Review; Comment Request

Title: Mother and Infant Home Visiting Program Evaluation (MIHOPE): Long-Term Follow-Up

Description: The Administration for Children and Families (ACF), in partnership with the Health Resources and Services Administration (HRSA), both of the U.S. Department of Health and Human Services (HHS), is proposing a data collection activity as part of the Mother and Infant Home Visiting Program Evaluation Long-Term Follow-Up project (MIHOPE-LT). The purpose of MIHOPE-LT is to conduct follow-up studies that assess the long-term impact of the Maternal, Infant, and Early Childhood Home Visiting (MIECHV) Program. The design of MIHOPE-LT calls for multiple follow-up points including when the participating children are in kindergarten, 3rd grade, early adolescence, and late adolescence. This Federal Register Notice is specific to the first follow-up study. Data collected during the first follow-up study (when the children from the MIHOPE sample are of kindergarten age) will include the

following: (1) a one-hour survey with the child's primary caregiver (who will be the mother if she is available), (2) direct assessments of child development, (3) a semi-structured interview with the caregiver, (4) surveys with the child's teacher, (5) a direct assessment of the caregiver, and (6) 15 minutes of videotaped interactions between the caregiver and child. In addition to collecting these data, the MIHOPE-LT project will also maintain up-to-date consent forms for the collection of administrative data. Future information collection requests and related Federal Register Notices will describe future data collection efforts for this project.

Data collected during the kindergarten follow-up study will be used to estimate the effects of MIECHV-funded programs on seven domains: (1) maternal health; (2) child health; (3) child development and school performance; (4) child maltreatment; (5) parenting; (6) crime or domestic violence; and (7) family economic self-sufficiency.

Respondents: The respondents in this follow-up study will include 4,115 families who participated in MIHOPE and 4,115 teachers of the focal children from those families.

Annual Burden Estimates

Instrument	Total Number of Respondents	Annual Number of Respondents	Number of Responses Per Respondent	Average Burden Hours Per Response	Annual Burden Hours
Survey of caregivers	4115	1372	1	1	1372
Direct assessments of children	4115	1372	1	1.5	2058
Semi-structured interview with caregivers	100	33	1	2	66
Survey of the focal children's teachers	4115	1372	1	0.5	686
Direct assessments of caregivers	4115	1372	1	0.25	343
Videotaped caregiver-child interactions	8230	2743	1	0.25	686

Estimated Total Annual Burden Hours: 5,211

Additional Information: Copies of the proposed collection may be obtained by writing to the Administration for Children and Families, Office of Planning, Research and Evaluation, 330 C Street, SW., Washington, DC 20201, Attn: OPRE Reports Clearance Officer. All requests should be identified by the title of the information collection. E-mail address: OPREinfocollection@acf.hhs.gov.

OMB Comment: OMB is required to make a decision concerning the collection of information between 30 and 60 days after publication of this document in the Federal Register. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication.

Written comments and recommendations for the proposed information collection should be sent directly to the following:
